The District Action Planning and Problem Solving Team (DAPPS Team) was established in a partnership with the University of South Florida and the Florida PSRTI Project. The name of the system for analyzing, remediating and seeking long term solutions for student learning problems both behavior and academic has changed to a Multi-tiered System of Supports which used the 8-step problem solving process to guide the work. After a thorough review of district data and meeting with focus groups of teachers for input, the committee set about implementing its first goal based on the findings generated through the process. This goal was to establish a District-Wide Behavior System that would engage all stakeholders. The effort received affirmation when the Strategic Planning Committee established as its first goal “Improving District Climate and Culture.” This need expanded to improving student behavior, enhancing working conditions, and developing mutually supportive collaborative professional relationships among all stakeholders. The DAPPS team consulted multiple resources to create the behavior system and also talked to experts in the field. The System is comprised of the following:

- Behavior goals for students, teachers, parents, administrators and district staff as well as community visitors such as volunteers, consultants etc,
 - Comprehensive list of consequences for inappropriate behavior
 - Delineation of Office Managed vs. Teacher Managed Behaviors
 - Comprehensive List of Interventions to Develop Positive Behaviors
 - Coordinated List of Resources for teachers and parents.
 - Lesson Plans to accompany each area of the student behavior plan to create a common understanding of what is expected.
 - Comprehensive List of Rewards for Appropriate Behaviors
-
- **Goal Area 1.1** – All students will be supported in recognizing and developing their own social, emotional, ethical, civic and intellectual capacities and dispositions.
 - **Goal Area 1.2** – Promote the development of local/school-based decision-making in alignment with district level plans that result in measurable improvements in all aspects of the district.
 - **Goal Area 1.3** – Create a culture in which stakeholders feel that they are valued and intrinsically motivated to perform at a high level of accountability

Student learning is the chief priority for the school.

Students need to not only demonstrate their understanding of essential knowledge and skills, but also need to be actively involved in solving problems and producing quality work.

Students learn in different ways and should be provided with a variety of instructional approaches to support their learning.

A student's self-esteem is enhanced by positive relationships and mutual respect among and between students and staff.

Teachers, administrators, parents and the community share the responsibility for advancing the school's mission.

STUDENT RIGHTS AND RESPONSIBILITIES

STUDENTS HAVE THE RIGHT TO:

ACADEMICS AND STUDENT SERVICES

Grading - The following numerical scale is to be used for determining grades in all of the District's secondary schools:

A	90-100	Outstanding progress
B	80-89	Above average progress
C	70-79	Average progress
D	60-69	Lowest Acceptable Progress
F	0-59	Failure

CSHS WILL NOT BE RESPONSIBLE FOR AWARDING GRADES FOR TRANSFER STUDENTS UNLESS THEY HAVE BEEN ENROLLED FOR AT LEAST 20 DAYS DURING A GRADING PERIOD. Midterm & Final exams do not count for the 20 day scenario.

Coral Shores High School has semester classes which run from August to December and January to June; students receive a grade for the each nine weeks and a semester exam. Coral Shores High School will use a grading system in which grades are numeric and represent percentages between 0 and 100. Each nine weeks grade constitutes 40% of the final average and the semester exam represents 20% (40%+40%+20% = 100%). Students will be awarded semester grades on this grading system.

A student MUST take the Final Exam\EOC to receive credit in a course. If a student misses more than 9 days during the semester, they must pass the final exam in order to pass the course. A doctor's note is required if the student is absent. Only the principal can approve a make-up for a missed final. Students will receive an F for the semester if they do not take their final. Final exams will be given on the dates posted. No early exams will be given. Make plans accordingly and within a timely manner.

Changes of Address - If you move during the school year report the change of address and telephone number to the Attendance Office and the Data Entry Clerk as soon as possible. Students whose parents leave the area but who plan to continue attending Coral Shores High School must clear their living arrangements with the Office Manager in the main office. We must have a telephone number for each student in the high school. This is necessary in the event of an emergency.

Transfer or Withdrawal From School - If it becomes necessary for you to withdraw from school or transfer to another school:

1. Bring a note from your parents stating the reason for transferring or consent to withdraw to the guidance office at least one day prior to withdrawal.
2. Bring all textbooks to school with you.
3. A withdrawal card will be given to you and must be signed by all your teachers as you return your books, librarian and your counselor.

Student Insurance - Neither the school nor the School Board of Monroe County provides any insurance coverage for accidents which occur at school. However, the Board has arranged for a low cost student accident insurance policy to be made available and all students are strongly urged to purchase this coverage. This insurance covers all accidents at school and, subject to some limitations, on the way to and from school as well as at all school sponsored activities. Information about this insurance coverage is available at the school office.

THE CODE OF STUDENT CONDUCT

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law affecting students. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty shall be maintained in the schools of this District.

Students may be subject to discipline for violation of the Code of Conduct/Student Discipline Code even if that conduct occurs on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee.

Discipline Procedures

The following are school rules, policies, procedures and consequences for rule or policy violations. It is important to note the consequences (1) serve as guidelines for action taken and (2) are a means of demonstrating a consistent application of such consequences.

The principal retains the right to issue consequences for acts of misconduct not specifically stated in our rules. The principal also retains the right to alter any consequences on an individual basis, according to the best interests and circumstances of the student.

Definitions:

Administrative Detention: Detention time is from 2:35 until 3:45 on the day assigned. Transportation must be arranged in advance. Students **must** attend detention on the day it is assigned unless prior arrangements have been made to reschedule. Failure to serve detention is a separate offense and will be treated as insubordination.

Things to know about detention:

- Be on time and bring work.
- Sleeping, talking, listening to music, and working on the computer are not permitted.

Saturday School: Saturday School may be assigned as a disciplinary consequence. Student must be on time and complete the assignments and activities during the time in Saturday School. Students may be required to read and write, or perform work details on campus during this time. The administrator on duty will determine the activity.

Students removed from Saturday School for further disciplinary reasons will face additional disciplinary consequences. Parents will be notified of the dates and times of Saturday School and are responsible for providing transportation to and from Saturday School.

In School Suspension Class (ISS): Students may be placed in an In School Suspension classroom under the supervision of a Coral Shores teacher. In School Suspension (ISS), serves as a disciplinary consequence and intervention, providing an alternative disciplinary action to Out of School Suspension. Students who arrive late to school or are late to class may be placed in ISS for that period. Students, who develop excessive tardy or attendance issues, may be assigned ISS for extended time. Students assigned to this program will have their teachers contacted by the ISS teacher or the Assistant Principal upon placement in this program, all assignments will be provided to the ISS teacher and students will receive credit for work completed during this placement. Attendance in the ISS classroom and will be excused as a discipline. If a student is removed during the placement period they will placed in Out of School Suspension for the remainder of the period(s).

Things to know about In School Suspension:

- Students serving ISS are suspended from all school activities, on-campus and off, for the period of the placement. ISS placement may jeopardize a student's ability to participate in extracurricular activities including athletics.
- Students must remain quiet and follow the directions of the ISS teacher.
- Students placed in ISS for an extended period must complete work assigned by the ISS teacher.
- Students who violate ISS rules are subject to additional disciplinary consequences including out of school suspension.
- Students attending ISS will have an alternative lunch period.
- Student s attending ISS are considered in attendance. Students may not return to regular class schedules until they have served the completed ISS assigned schedule. If students are absent either excused, or unexcused while attending ISS, those absences do not count as days in attendance at ISS.

Out of School Suspension (OSS) for periods up to ten (10) days for serious violations of school rules, School Board policy, the law or the provisions of the Board's Code of Student Conduct. In cases of suspension, students must be given oral or written notice and explanation of the charges against them and must be given an opportunity to present their side of the story. This must occur before the suspension, except in the case of emergency or disruptive conditions. Students issued out of school suspension may be assigned to an alternative setting. This alternative setting may be in conjunction with the Department of Juvenile Justice. The Principal shall make a good faith effort to employ parental assistance or other alternative measures prior to suspension. Written notice of suspension will be mailed or given to parents: however, students may be suspended without written parental notice as a result of committing a "serious breach of conduct" in accordance with School Board Policy.

Things to know about OSS:

- Students assigned OSS will be given assignments during that period. Teachers will be notified and will provide assignments in a reasonable timely manner. It is the student's responsibility to obtain the material covered in class to prepare for their return to school.
- Students serving an Out-of-School Suspension are suspended from all school activities, on-campus and off, for the period of the suspension.
- Students are not permitted to be on the Coral Shores High School campus or any other school campus at any time during the period of the suspension. Students found on campus will be considered to be trespassing and law enforcement may be notified.
- Students assigned OSS may lose their extracurricular activity privileges for an extended period of time.
- Absences due to OSS are excused days.

DRUG PREVENTION

The School Board has a policy of zero tolerance for drugs and alcohol and recognizes that the misuse of drugs is a serious problem with legal, physical, and social implications for the whole school community.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Florida statute;
- B. all chemicals which release toxic vapors;
- C. all alcoholic beverages;
- D. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- E. anabolic steroids
- F. any substance that is a "look-alike" to any of the above.

The Board prohibits the use, possession, concealment, or distribution of any drug or any drug-related paraphernalia as the term is defined by law, or the misuse of a product containing a substance that can provide an intoxicating or mood-altering effect on school grounds, on school vehicles, and/or at any school-sponsored event.

A drug-free zone is within 1000 feet of any facility used by the District for educational purposes.

The Superintendent and staff shall prepare procedures for the identification, amelioration, and regulation of drug use in the schools.

CIVIL CITATION

In lieu of an arrest, a student under the age of 18 charged with certain misdemeanors with no prior felony arrests and only one (or no) prior misdemeanor arrest may receive a Civil Citation. The student must accept responsibility for his/her actions and agree to participate in the program. The parent or guardian must agree to allow the student to participate in the program and sign the citation. Community Service hours along with character education classes will be assigned.

SANCTIONS

Students found to be in violation of the offenses as defined in the Code of Student Conduct may be suspended from participation in extra-curricular activities for a period of time which, in the opinion of the principal, is justified. Students arrested or charged for "off campus" matters which would have been an offense or a major offense had it occurred on a campus, may be suspended from extracurricular activities or excluded from school.

Students suspended from participation shall not be permitted to participate in any event-related activities, dress out for the event, practice with the group, or travel to the event with the team or group. An event is defined as a game, activity, or contest. A tournament experience is considered to be a single event, even though the tournament consists of more than one game, activity or contest.

REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS

The School Board recognizes that exclusion from the educational program of the schools, whether by emergency removal, suspension, or expulsion, is the most severe sanction that can be imposed on a student in this District, and one that cannot be imposed without due process.

For purposes of this policy and the Superintendent's administrative procedures, the following shall apply:

- A. "Emergency removal" shall be the exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an on-going threat of disrupting the educational process provided by the district.
- B. "Suspension" shall be the temporary exclusion of a student from the District's program for a period up to ten days.
- C. "Expulsion" shall be the exclusion of a student from the schools of the District for the number of school days remaining in a semester or term in which the incident that gives rise to the expulsion takes place and up to one additional school year.

SUSPENSION FROM SCHOOL OR FROM RIDING THE SCHOOL BUS

- A. When a student's actions are disruptive to himself/herself or to the school as to violate law, Board policies, or school rules, the student may be suspended by the principal or designated representative. Suspension dictates that the student shall not be allowed to attend his/her regular classes or school-sponsored activities for a prescribed number of days not to exceed ten. The principal or designated representative may refer the student during the period of the suspension to in-school suspension, a center for special counseling or shall remand the student to the custody of his/her parent or guardian. Prior to suspending a student, except in emergencies, the principal or designee shall make an effort to employ parental assistance or alternative methods of dealing with the student and shall document such efforts.
- B. In no case shall a teacher suspend a student from school or class, nor shall a bus driver suspend a student from riding a school bus.
- C. Prompt notice of a suspension shall be given by telephone to the student's parent or guardian, if possible. Formal written notification to the student's parent or guardian and the Superintendent shall be initiated within 24 hours of the time the student is informed of the suspension.
- D. Except in the event of emergencies or disruptive conditions which require immediate suspension or in the case of a serious breach of conduct that is defined as willful disobedience, open defiance of authority of a member of the school staff, violence against persons or property, or any other act which substantially disrupts the orderly conduct of the school, all out-of-school suspensions shall not begin prior to the beginning of the next school day following the infraction unless the parents or guardians have been notified.
- E. Prior to the suspension, the student shall be given an informal and impartial hearing before the principal or designee and shall be informed of the charge(s) against him/her which may result in suspension. If the student denies the charge(s), s/he shall be given an explanation of the evidence, and an opportunity to present his/her version of the case, and notification of the action taken by the principal or designee. In cases of extremely disruptive or dangerous behavior persons or groups involved may be immediately suspended and ejected from the school campus without the necessity of a prior hearing. In such instances, each student shall be afforded an informal hearing before the principal or designee prior to the expiration of the third day of suspension.
- F. The principal, or designated representative, may suspend a student from school and/or from riding the school bus for a period not to exceed ten school days.
- G. When Board action on a recommendation for the expulsion of a student is pending, the Superintendent may extend the suspension assigned by the principal beyond ten school days

if such suspension expires before the next regular or special meeting of the Board.

- H. In the case of students in exceptional education classes, please refer to the Procedure Manual for Exceptional Student Education.

EXPULSION

- A. A principal may recommend to the Superintendent the expulsion of a student. The principal shall provide the Superintendent an adequate history of the student's actions and alternative measures taken relevant to the recommendation. When the Superintendent makes a recommendation for expulsion to the Board, written notice shall be given to the student and his/her parent or guardian of the recommendation setting forth the charges against the student and advising the student and his/her parent or guardian of their right of due process.
- B. Expulsion is the removal of the right and obligation of a student to attend a public school for a period of time and under conditions set by the Board not to exceed the remainder of the term or school year and one additional year of attendance.
- C. For students in exceptional student education, please refer to the Procedure Manual for Exceptional Student Education.

The Board also authorizes the Superintendent to suspend a student from any or all co-curricular or extra-curricular activities for violations of the Student Code of Conduct. The length of suspension shall be in accordance with the Code.

If the Superintendent determines that a student's behavior on a school vehicle violates school rules, he/she may suspend the student from school bus-riding privileges for the length of time deemed appropriate for the violation and remediation of the behavior. Any such suspension must comply with due process and the Superintendent's procedures for suspension and expulsion.

The Superintendent may provide for options to suspension/expulsion of a student from school which may include alternative educational options.

A student who has been suspended or expelled by another district temporarily may be denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school with the District.

The Board designates the Superintendent as its representative at all hearings regarding the appeal of a suspension. The Board will hear the appeal of an expulsion.

SEARCH AND SEIZURE

The School Board recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be the subject of random search. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official. The Board directs the school principals to conduct a routine inspection at least annually of all such storage places.

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age.

Administrators are permitted to conduct a random search of any student's locker and its contents at any time, providing proper notice has been posted in the locker areas of each building.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

Administrators are authorized to arrange for the use of a breath-test instrument for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the Superintendent has reasonable suspicion that illegal drugs or devices may be present in a school. This means of detection shall be used only to determine the presence of drugs in locker areas and other places on school property where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or with organizations certified in canine detection and is not to be used to search individual students unless a warrant has been obtained prior to the search.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal who shall seek the freely offered consent of the student to the inspection. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found;

and the disposition made of them. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

STUDENTS HAVE THE RIGHT:

- to privacy and shall be free from unreasonable search as well as seizure of personal property. These rights shall prevail unless there is reason to believe that it is necessary to set them aside to protect the safety, health and property of the school, students and staff;
- of privacy of their personal possessions unless there is reason on the part of the principal or his or her designee to believe that the student is concealing a weapon, illegal drugs or other material that is inappropriate dangerous to himself or herself, others or property;
- to be given prior notification of any searches unless in case of emergency.

STUDENTS HAVE THE RESPONSIBILITY:

- to not carry, possess or conceal any material that is prohibited by law;
- to accept the consequences for their actions in cases where unlawful materials are found in their possession or in their lockers.

SEARCH IN SCHOOL BUILDINGS OR ON SCHOOL PROPERTY BY SCHOOL ADMINISTRATORS:

The school administration retains control over lockers and desk space loaned to students and regulates admission and parking of automobiles on school grounds. School principals, therefore, have the right and duty to inspect and search students' lockers, desks, students' or non-students' automobiles if the principal reasonably suspects, upon information received from law enforcement or otherwise, that drugs, weapons, dangerous, illegal, or prohibited matter, or such stolen goods are likely to be found in the student's possession. The principal does so in exercise of the school's duty to enforce school discipline and to protect the health and safety of the student and/or the student body. The fruits of such search may be turned over to law enforcement for inspection or examination and may be the subject of criminal or juvenile court prosecution or of school disciplinary proceedings.

BY LAW ENFORCEMENT AT REQUEST OF SCHOOL AUTHORITIES:

Administrative — If public health or safety is involved, upon request of a school principal who shall be present, law enforcement officers may make a general search for drugs, weapons or items of an illegal or prohibited nature, of students' lockers and desks or students' or non-students' automobiles.

BY LAW ENFORCEMENT OFFICER WITHOUT REQUEST OF SCHOOL AUTHORITIES:

Normally, law enforcement officers may not search students' lockers, desks or automobiles unless they have a search warrant and may not search a student's person in school unless the student is under arrest. However, there are specific exceptions contained in Florida Statute (probable cause or stop and frisk).

INTERVIEWS IN SCHOOLS FOR INVESTIGATIVE PURPOSES BY SCHOOL ADMINISTRATORS OR DESIGNEE:

School officials have the right and duty to interview students when investigating crimes, or reports thereof, committed during school hours or on school property without prior notification or presence of parents.

STUDENT INTERVIEW /INTERROGATIONS

Monroe County School District recognizes that cooperation with law enforcement and/or social service agencies is necessary for the protection of students and staff members, safeguarding district property, and for maintaining a safe school environment. At the same time the District realizes their responsibility to protect the rights of the children in their charge and to provide for the concerns of parents/guardians regarding the welfare of their children.

SCHOOL INITIATED CONTACT:

Law enforcement and/or social service officials will be called to the school when laws have or may have been violated and in situations where the safety or welfare of students and/or employees is threatened. In these situations, students may be interviewed by law enforcement and/or social service officials in accordance with all applicable state and federal juvenile laws. When school officials have requested the assistance of law enforcement and/or social service officials in investigating a crime, unsafe or life-threatening situation involving students, staff, or district property, the law enforcement and/or social service official has implied permission to interview/interrogate students in school during school hours.

LAW ENFORCEMENT AND/OR SOCIAL SERVICE AGENCY INITIATED CONTACT:

Law enforcement and/or social service agency initiated student interviews may be permitted consistent with the established interview guidelines and as required Florida Law. Prior to conducting a student interview/interrogation the principal or designee shall be notified. When law enforcement or social service requests access to a student on school grounds, or at a school sponsored event for nonschool related incidents, the official shall contact the principal or designee and advise him/her of the need to speak with the student. The principal or designee will make a reasonable effort to notify a parent/guardian before allowing social service staff members to interview a child at school unless prohibited by law. Law enforcement and social service personnel, including liaison officers who have initiated a formal interview/interrogation, should remain as inconspicuous as possible and shall interview/interrogate students in a private setting designated by the principal or designee to avoid embarrassing and/or stereotyping the student.

INTERVIEWS/INTERROGATIONS REGARDING CHILD ABUSE AND NEGLECT

Investigations and interviews of students, regarding child abuse and neglect reports may be conducted by law enforcement and/or social services on school premises during school hours. Prior to conducting a student interview the principal or designee shall be notified. Law enforcement and/or social service

personnel may, in the exercise of their authority to do so, exclude school personnel from the interview. The principal or designee will make a reasonable effort to notify a parent/guardian before allowing social service staff members to interview a child at school unless prohibited by law. Reasonable effort is defined as contact by telephone at home or place of employment.

INTERVIEW/INTERROGATION GUIDELINES

The following guidelines are to be used by administrators when law enforcement and/or social service personnel interview students in school during regular school hours. These guidelines do not apply to interviews conducted by district professional staff.

1. The principal or designee shall be notified prior to all student interviews conducted on school premises. The following considerations should be given before an interview shall take place at school: such as the age of the student, the purpose of the interview, the subject matter of the interview, whether the conduct occurred on school grounds, and the seriousness of the conduct at issue.
2. Interviews should be coordinated with the student's schedule in order to minimize disruption.
3. Interviews should not be conducted during an exam, except in an emergency.
4. The principal or designee should summon the student from his/her class, unless law enforcement and school administration feel the situation warrants personal contact by the officer.
5. The principal or designee will make a reasonable effort to notify a parent/guardian before law enforcement or social service staff members to interview a child at school unless prohibited by law.
6. Interviews should be conducted in a closed setting, in order to allow confidentiality.
7. No employees shall disclose any information regarding the contact between law enforcement or social services and a student to anyone except a superior, or under appropriate circumstances, to a parent or legal guardian. No information will be shared with a parent or guardian in cases related to child abuse or neglect referrals.
8. The principal or designee shall be allowed to be present at any interview/interrogation unless barred by law or excused by the student.

NOTIFICATION OF PARENT/GUARDIAN

Notification of parents or guardians when students are to be interviewed by law enforcement and/or social services will be carried out according to the following guidelines.

1. A reasonable effort will be made to contact the parent or guardian prior to the start of the interview, except in the case of child abuse/neglect referrals. The interview may proceed prior to notification of the parent or guardian if (a) the situation is determined to require prompt action, (b) the situation is determined to be of a serious nature, or (c) the attempt to contact has been unsuccessful. The parent or guardian will be notified if their child has been interviewed by law enforcement and/or social services on school premises, except where prohibited by law.
2. For emergency situations where the safety and well being of the school community is threatened, law enforcement may interview/interrogate a student prior to notifying a parent/guardian.

3. If a student makes a request to speak with law enforcement or social services, a parental notification is not necessary and permission to speak shall be granted.

SUBPOENAS

Service of subpoenas on any student or employee in the Monroe County School District while on school property shall be accomplished as follows:

1. The law enforcement officer shall request the principal or designee to produce the student or employee to be served.
2. The principal or designee shall make arrangements for that student or employee to come to the office. These arrangements will be made in such a way as to be inconspicuous and cause the least disturbance possible to the educational process.
3. The principal or designee shall witness the service of the subpoena.

The School Board holds the legal authority to bar the attendance of or remove any person whose conduct may constitute a disruption at a school event. School administrators have the authority to call law enforcement officials if a person violates posted regulations or does not leave school property when requested. They are also authorized to use detectors and other devices to better ensure the safety and well-being of participants and visitors.

The School Board directs that no alcoholic beverage or other controlled substance be possessed, consumed, or distributed at any function occurring on District premises.

Behavior is essential in maintaining an environment that provides each student the opportunity to obtain a high quality education in a uniform, safe, secure, efficient, and high quality system of education.

The District expects all stakeholders to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The standards for student behavior shall be set cooperatively through interaction among students, parents/guardians, staff and community member, producing an atmosphere that encourages students to grow in self-discipline. Students are expected to conform to reasonable standards of socially acceptable behavior; respect the person, property, and rights of others; obey constituted authority; and respond appropriately to those who hold that authority.

PROCEDURE FOR REPORTING

Any student or student's parent/guardian who believes s/he has been or is the victim of bullying or harassment should immediately report the situation to the school principal. The student may also report

concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator. Complaints against an employee should be reported to their supervisor. All reports should be filed as soon as possible and may be filed up to ninety days after the last alleged act of bullying occurred.

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy.

Written and oral reports shall be considered official reports. Reports may be made anonymously. Reports may be delivered to the front office at each school. A reporting form can be found at Keysschools.com. Formal disciplinary action may not be based solely on the basis of an anonymous report.

PROCEDURE FOR INVESTIGATION

All complaints about bullying and/or harassment that may violate this policy shall be promptly investigated by an individual, designated by the principal, who is trained in investigative procedures. Documented interviews of the victim, alleged perpetrator, and witnesses shall be conducted privately and shall be confidential.

Reasonable effort shall be made to respond expeditiously to all reports of bullying. A maximum of 10 school days shall be the limit for the initial filing of incidents and completion of the investigative procedural steps. The highest level of confidentiality possible shall be provided regarding the submission of a complaint or a report of bullying and/or harassment and for the investigative procedures that are employed.

SCOPE

The investigator will provide a report on the results of the investigation with recommendations for the principal to make a determination if an act of bullying or harassment falls within the scope of District authority. If the action is within the scope of the District, District procedures for investigating bullying and/or harassment shall be followed. If the action is outside the scope of the District, and believed to be a criminal act, the action shall be referred to the appropriate law enforcement agency. If the action is outside the scope of the District and believed not a criminal act, the principal shall inform parents/guardians of all students. Notification shall be by telephone or by personal conference and in writing and shall be consistent with the student privacy rights under applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). The notice shall advise the individuals involved of their respective due process rights including the right to appeal any resulting determination or action to the State Board of Education.

If the bullying incident results in the perpetrator being charged with a crime, the principal shall inform the parent/guardian of the identified victim(s) involved in the bullying incident about the Unsafe Schools Choice Option.

Upon the completion of the investigation and if criminal charges are to be pursued against the perpetrator, the appropriate law enforcement agencies shall be notified by telephone and/or in writing.

According to the level of infraction, the victim's parents will be notified by telephone and/or in writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident.

SEXUAL HARASSMENT

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation;
- B. filing a malicious or knowingly false report or complaint of harassment;
- C. disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. submission to such a conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program or activity;
- B. submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. such conduct has the purpose or effect of interfering with the individual's work or educational performance;
- D. of creating an intimidating, hostile, or offensive working and/or learning environment;
- E. of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

NOTE: Any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge.

REPORTS AND COMPLAINTS OF HARASSING CONDUCT

Members of the School District community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor, or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the School District community or third parties who believe they have been unlawfully harassed by another member of the School District community or a third party are entitled to utilize the Board's informal and/or formal investigation and complaint processes. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file an informal or a formal complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

FOR THE FORMAL PROCESS FOR ADDRESSING COMPLAINTS OF HARASSMENT PLEASE SEE THE SCHOOL BOARD POLICIES

The administrative procedures will also include a formal complaint process. While the formal complaint process may serve as the first step to resolution of a charge of unlawful harassment, it is also available in those circumstances when the informal complaint process fails to satisfactorily resolve a concern. Because of the need for flexibility, no specific time lines are established for initiating the formal complaint process; however, once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within 31) calendar days of the complaint being received).

Although not required, members of the School District community or third parties who feel they have been unlawfully harassed should file a formal written complaint with the principal of their school building or with one of the compliance officers identified in the administrative procedures. Oral complaints of harassment will be reduced to writing by the individual receiving the complaint and the complainant will be asked to verify the accuracy of the reported charge by signing the document. Complaints received by a school building principal will be immediately reported to the appropriate district official identified in the administrative procedures.

After a complaint is filed, the designee shall conduct a prompt and timely investigation. The investigation may include interviews of the complainant, the individual accused of engaging in harassing behavior, and any other witness who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

At the conclusion of the investigation the designee will prepare and deliver to the Superintendent a written report summarizing the evidence gathered during the investigation and providing his/her recommendations regarding whether or not the complaint of unlawful harassment has been substantiated. The written report must be based on the totality of the circumstances involved in the complaint, the nature of the alleged conduct, the context in which the alleged conduct occurred, and the ages and maturity of the individuals involved.

A copy of the written report will also be delivered to the member of the School District community or third party making the complaint and the individual accused of the harassing conduct. Upon review of the written report the Superintendent will either issue a final decision regarding whether or not the complaint of unlawful harassment was substantiated, or request that further investigation be conducted. A copy of Superintendent's action will be delivered to both the complainant and the individual accused of the harassing conduct.

The decision of the Superintendent shall be final.

The student and/or his/her parent or guardian shall also be provided a brief description of the student's rights and of the hearing procedure. The Board shall act on any appeal to an expulsion.

The Superintendent shall ensure that all members of the staff use the above regulations when dealing with students. In addition, this statement of due process rights is to be placed in all student handbooks in a manner that will facilitate understanding by students and their parents.

APPEAL PROCESS

School Level Grievance

A grievance is another name for a complaint. A student grievance exists when a student believes that he/she has been treated unfairly or has not been afforded due process. Students wishing to register a school level grievance must do so within 60 calendar days from the time that they became aware of the alleged infraction.

Resolving a School Level Grievance:

- Ask the teacher or person(s) who allegedly treated you unfairly to schedule a conference for the purpose of discussing your complaint.
- If the person charged with the alleged infraction does not resolve your complaint, arrange to talk with the department head, a guidance counselor, a student intervention specialist or some other person who may be able to assist you.
- If the above conferences have not resolved your complaint, talk with a school administrator such as an assistant principal or the principal.
- If necessary, contact the district administrator responsible for your school and request that he or she look into your complaint.
- Students should involve their parents or guardians in resolving school level grievance.
- Most student grievances can be resolved at the school level through informal conferences with teachers or other school personnel.
- If efforts to resolve your complaint on an informal level with school administrators and/or the district supervisor are unsuccessful, a grievance may be filed with the principal, who will provide a written decision to accept or reject the grievant's position, including an explanation detailing the reason(s) for his/her action.

ATTENDANCE REQUIREMENTS FOR EARNING CREDIT

Each parent and legal guardian of a child within the compulsory attendance age is responsible for the child's school attendance as required by law [Florida Statute §1003.21]. All students are expected to attend school regularly and to be on time for classes in order to benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

A student may be absent no more than 9 class periods to be awarded semester credit in a high school course. A student who has excessive absences as defined above **must** demonstrate proficiency of the content taught in the course. Students who otherwise would have received credit for a course based on the final semester average and have excessive absences must receive a passing grade on the semester exam in order to receive that credit. A student who has excessive absences and does not receive a passing grade on the semester exam will have the final course grade changed to "F" and will receive no credit for that course.

A "Denial of Credit Appeal" process shall be instituted at each school offering high school courses. The purpose of this process is to allow students who have been denied credit due to excessive absences an opportunity to provide evidence that some or all of the excessive absences should be considered "extraordinary." Absences due to extraordinary circumstances shall not be included in the denial of credit process. Extraordinary absences should NOT be confused with "excused (explained)" absences. Some examples of extraordinary absences include (but are not limited to):

- student illness requiring hospitalization or home confinement documented by a physician's note;
- death in the immediate family;
- extreme weather conditions.

The definition of an extraordinary absence shall be the responsibility of each individual school.

STUDENTS WITH DISABILITIES (504 STUDENTS)

In the case of a student with excessive absences the Student Services Team should be convened to determine if the absences are caused in relation to the active *Section 504 Accommodation Plan*. If the multidisciplinary team determines that the absences are related to the 504 plan, the team should consider interventions and or changes to better accommodate and or facilitate the students learning. The revised 504 plan should address any additional strategies and/or interventions needed to support the student's academic achievement.

If the multidisciplinary team determines that the absences are not related to the 504 plan, the student is treated in the same manner as that for a general education student with regard for the state and federal statutes regarding students with an ADA /504 plan.

ESE STUDENTS

In the case of an ESE student with excessive absences, an IEP team meeting **should** meet to determine whether or not the absences are related to the student's disability. If the IEP team determines that the excessive absences **are** related to the student's disability, the IEP team will determine a reasonable course of action or placement that will support the student's academic achievement.

If the IEP team determines that the student's excessive absences **are not** related to the student's disability, the student is treated in the same manner as that for a general education student, with regard for the state and federal statutes regarding ESE students.

HOSPITALIZED/HOMEBOUND SERVICES

If a student is confined to home or hospital, but is able to participate in and benefit from an instructional program, the student may be eligible for a hospital/homebound program. A student is eligible for services if a licensed physician can certify:

- A. that the student is expected to be absent from school due to a physical or psychiatric condition for at least 15 consecutive school days due to a chronic condition for at least 15 school days which need not run consecutively;
- B. that the student is confined to home or hospital;
- C. that the student will be able to participate in and benefit from an instructional program.

ATTENDANCE POLICY

Students have 48 hours to either bring in an excused note from their parents or a parent must call into the attendance office within the 48 hours. After the 48 hours, the absence automatically becomes unexcused if the school has not received notification.

Excused Absence means that a student is absent:

- (a) due to sickness of, or injury to, the student, attested to orally or in writing by the student's parent or guardian, or, in the event the absence is of three days or more, by a written statement of a licensed practicing physician, chiropractor, dentist, or other appropriate licensed health care or mental health professional;
- (b) due to religious instruction for the student or religious holidays of the student's own faith to be observed by the student, when the absence is requested in writing by a parent or guardian at least three school days in advance of the absence, as delineated in Rule 6A-1.09514, Florida Administrative Code.
- (c) due to a medical, chiropractic, dental, or other appointment with a licensed professional related to the physical or mental health of the student, when the appointment cannot be scheduled outside of school hours and when written documentation is provided by the parent or guardian prior to the scheduled appointment;
- (d) due to attendance at an Individualized Educational Program (IEP) meeting at which the student's educational program is the topic;
- (e) due to attendance in an administrative or judicial proceeding which involves the student as a witness or as the subject of the proceeding;
- (f) due to a death in the immediate family of the student and such absence does not exceed seven school days;
- (g) due to placement in The Florida Keys Children's Shelter and such placement transition period does not exceed three school days. (By the fourth day, Shelter personnel are required to enroll the student in the appropriate public school closest in geographic proximity to the Shelter).
- (h) with written permission of the principal or the principal's designee, for good cause shown, including insurmountable conditions as defined by rules of the state board of education in Rule 6A-1.09513, Florida Administrative Code.
- (i) due to participation in an approved special event. The student must receive advance written permission from the school principal or the principal's designee. (Examples of special events include public functions; conferences; and regional, state and national competitions).
- (j) due to having, or being suspected of having, a communicable disease or infestation which can be transmitted to other students or school staff. (Examples include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies).

An unexcused absence is any absence that does not fall into one of the above excused absence categories. Any unexcused absence will result in a grade penalty for work missed. Students receiving out-of-school suspension **must** be assigned schoolwork that will be graded. Students on out of school suspension will be permitted to make up nine-week and semester examinations. Projects, term papers, etc., which represent work for a period of time greater than the suspension period will be submitted for the purpose of determining a student's grade in accordance with each school's grading practices.

Should questions arise regarding this rule; principals will grant the parent(s)/guardian(s) a conference. Parent(s)/guardian(s) may appeal the principal's decision to the District if a conflict arises.

MAKE-UP WORK

Students will be afforded an opportunity to make up missed work for excused absences. Students have two days for each day missed to make up class work upon return to school from an absence. After three consecutive absences, the teacher will determine due dates. If notice has been given of a test or due date for a paper, project, or assignment prior to an absence, the student is still responsible for the work on the date it is due. Absence will not extend the deadline. In the case of a test, the student will be expected to take the test as soon as he or she returns to school. The exception to this policy is the student assigned an out of school suspension.

OFF CAMPUS ACTIVITIES

Students attending school sanctioned off campus activities will be permitted to make up work missed.

TARDIES TO SCHOOL AND / OR CLASS

Students are expected to be on time to all classes. Students who are tardy to school must be signed-in at the Main Office. An excused tardy exists when reasons acceptable to the principal or his or her designee are given. PARKING/ DRIVING PRIVELEGE

Driving a personal vehicle to school is a privilege, not a right. Due to a limited number of parking spaces, passes will be offered to a limited number of students. Parking passes will cost \$40 per year and will allow a student to park in a defined space in the student parking lot. Eligibility for a parking pass will be determined in the following manner:

ONLY SENIORS AND JUNIORS are eligible to apply for a parking space. Applications require that a student have a valid Florida Driver's license and a vehicle which they will drive the school.

In order to be eligible students must submit a completed application during the registration window that will be announced. Any parking spaces left unassigned after eligible applications have been scored and assigned spaces will be awarded on a lottery basis for any student who completes a second chance application and has a vehicle and a valid Florida drivers license. Students are responsible for updating their vehicle records as needed throughout the year.

Students may ONLY park in their assigned space. Students who park in another student's space, a handicapped space, a visitor's space, teacher spaces, along a curb, on sidewalks, along either side of Wrenn Street or on any non paved surface **risk fines and/or having their vehicle towed at their expense. Students' parking spaces that remain empty for 4 days or longer without notification or explanation to the administration, of absence, may forfeit their parking space, parking fee, and the space will be reassigned.**

Each student who parks a vehicle on school property is presumed to know what is contained in the vehicle and will be held accountable for any weapons, drugs, or contraband which may be found in the vehicle. No student shall loiter in or around the parking areas.

Students shall not occupy cars during class hours, between classes, or before or after school except as they arrive and leave for the school day and travel to and from approved programs at other locations.

The principal shall cooperate with law enforcement officers. A student who receives a citation for a traffic violation while traveling to or from school, or who is known to be operating a vehicle in such a manner as to endanger the student's own safety or that of others, may be directed by the principal not to drive a vehicle to school. Any student violating such directive shall be subject to suspension or expulsion from school.

Students that are found selling, giving or purchasing parking stickers to/for underclassmen will lose their parking privileges for the remainder of the year.

Coral Shores High School and Monroe County School District cannot assume any responsibility for any vehicle or its contents.

Parking privileges are subject to review of the school administration. Students who receive repeated administrative interventions for rule violations risk the loss of their parking privilege. Excessive attendance issues will result in parking being revoked.

FLORIDA DRIVER'S LICENSE LAW FOR STUDENTS

In 1997 the Florida Legislature began requiring schools to report to the Department of Highway Safety and Motor Vehicles the names, dates of birth, sex, and social security number of minors who accumulate 15 unexcused absences in a period of 90 calendar days, which is a "rolling" number, thus making the student ineligible for driving privileges. The legislation further provides that those minors who fail to satisfy attendance requirements shall be ineligible for driving privileges. If the minor does not have a license, he or she shall not be issued one upon application. The process of reinstatement is available in the office of the assistant principal for student affairs. Persons ages fourteen until their eighteenth birthday cannot get or keep their driver's privilege or license unless they are in school, have successfully completed school, earned their GED certificate, or have a hardship waiver. A student who has had their license suspended due to unexcused absences can apply for reinstatement once they have attended school for 30 consecutive days without an unexcused absence and have completed the necessary paperwork through the Office of Student Affairs. Reinstatement is delayed a day for each excused absence during that 30 day period. All first-time applicants for a Florida Driver's License must complete a traffic law and substance abuse course as described in Section Florida Statutes 322 .095. Students who were issued an operators or restricted driver's license before January 1, 1990, are exempt from this requirement. This course includes instruction on the physiological and psychological consequences of the abuse of alcohol and other drugs, the societal and economic costs of alcohol and drug abuse, the effects of alcohol and drug abuse on the driver of a motor vehicle, and the laws of Florida relating to the operation of a motor vehicle. A student may fulfill the course requirement by enrolling and completing a secondary driver education course or by enrolling and completing the course offered through a certified Driving Under the Influence (DUI) school. Upon successful completion of the Drug/Alcohol Traffic Safety Education (D.A.T.E) requirement, the student shall receive the necessary verification to present to the Department of Highway Safety and Motor Vehicles.

STUDENT RECORDS

PUBLIC NOTICE

Student Records maintained by Monroe County School District are updated and revised in accordance with the Family Educational Rights and Privacy Act (FERPA). The district is to inform eligible students or parents or guardians of their rights pertaining to access to student records and confidentiality of student information as described below:

Student Education Records are records maintained by the school and in some cases other locations which directly relates to a student. Education records are maintained in accordance with policies of the School Board of Monroe County and contain identifying data (student and parent name, address, birth date, sex, race), academic record, standardized test results, attendance records, and health data. The record may also contain family background information, verified reports of serious or recurrent behavior patterns, record of extracurricular participation and participation in special programs, psychological reports and anecdotal records of professional staff. The principal may maintain a separate disciplinary file for students involved in misconduct to include, but not limited to, description of misconduct, suspension notice(s), and record of disciplinary action(s) taken. These records are updated annually and information no longer pertinent is removed. Current student records are maintained at the school. Parents and eligible students over the age of 18 may inspect and review that list upon oral or written request.

PARENTS, GUARDIANS OR ELIGIBLE STUDENTS HAVE THE RIGHT TO:

- inspect, review and challenge the information contained in the records;
- appeal any disagreement of records to the school principal.

STUDENTS HAVE THE RIGHT TO:

- be protected by legal provisions prohibiting the release of personal information to other than legally authorized persons without the consent of the parent, guardian or student.

PARENTS, GUARDIANS OR ELIGIBLE STUDENTS HAVE THE RESPONSIBILITY TO:

- provide the school with any information that could be useful in making appropriate educational decisions;
- authorize release of information of those individuals or agencies who are working for the benefit of the student;
- follow school board policies for release of student information through the school;
- make an appointment with the school when they wish to review a record.

ACCESS TO STUDENT RECORDS

The following persons can access a student's records: parent, eligible students over the age of 18, school officials, and a party with the written permission of the parent or eligible student, certain state and local officials who are part of the juvenile justice system, federal grand jury or other law enforcement agency issuing a subpoena directing information to a particular party. In addition, a court may order nondisclosure of a subpoena or information provided in response to a subpoena. In cases of separation or divorce, both natural parents have access to their child's educational records. If a court order restricts this access to records, the residential parent shall provide the school with a certified copy of the order, including any modifications, which will then be placed within the student's cumulative file.

A release of information without parent or student (over the age of 18) consent can be made to school officials with a legitimate educational interest. A school official is considered to have a legitimate educational interest if the official needs to review a student record in order to fulfill his or her professional responsibility. A school official is a person employed by the district, such as an administrator, supervisor, teacher or support staff (including health and medical staff and law enforcement personnel); a person serving on the School Board; a person or company with whom the district has contracted to perform a certain task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student on an official committee, such as disciplinary or grievance committee; or another school official performing his or her professional responsibility.

WHAT ARE THE RIGHTS OF A PARENT?

Parents or eligible students over the age of 18 have the right to:

- request in writing to inspect and review all education records. The request will be granted within a reasonable period of time, not to exceed thirty days. This inspection and review of records shall be held in the presence of an official of the school system.
- a response to reasonable requests for explanations and interpretations of the records.
- obtain copies of the education records of a student. The schedule of fees for copies is on file with each principal. No fee for copying may be charged to any parent if it would effectively prevent that parent from exercising his or her right to inspect and review the records.
- request in writing an informal conference with the principal for the purpose of amending any record believed to contain information that is inaccurate, misleading or violating the privacy or the rights of the student.

The principal shall decide whether to amend the education records within a reasonable period of time. If the principal refuses to amend the records, he or she shall inform the parent or eligible student of that refusal, and advise the parent or eligible student of the right to file a grievance. Parents or eligible students have the right to file a complaint with the U.S. Department of Education concerning an alleged failure by the district to comply with the requirements of FERPA. Whatever rights are vested in the parent shall pass to the student whenever the student has attained 18 years of age or is attending an institution of post secondary education. Parents may have access to their dependent children's records regardless of age and may have the right of signing for the release of dependent children's records.

The School Board will provide the necessary textbooks and/or electronic textbooks required by the course of study free of charge for its students. The Board may need to levy certain charges to students to facilitate the utilization of other appropriate materials for curricular as well as co-curricular and extra-curricular, noncredit activities. Such charges would be made on expendable items such as magazines, workbook materials, paperback selections, and laboratory supplies, and materials, for clubs, independent study or special projects, and District-sponsored trips.

FEES

For the purposes of this policy, "school fees" or "fees" mean any monetary charge collected by the District from a student or the parent(s) or guardian of a student as a prerequisite for the student's participation in any curricular or extra-curricular program of the District.

A charge shall not exceed the combined cost of the outside service provided or material used, freight and/or handling charges. Money received from resale of such material, if any, shall be remitted to the School Business Office with an accurate accounting of all transactions.

The site administrator of a school, or any employee designated by the site administrator to maintain order on the campus or facility, who has probable cause to believe that a person is trespassing on school grounds in violation of this section may take the person into custody and detain him/her in a reasonable manner for a reasonable length of time pending arrival of a law enforcement officer. Taking into custody and detention by an authorized person does not render that person criminally or civilly liable for false arrest, false imprisonment, or unlawful detention. If a trespasser is taken into custody, a law enforcement officer will be called to the scene immediately after the person is taken into custody. In addition, any law enforcement officer may arrest either on or off the premises and without warrant any person the officer has probable cause for believing has committed the offense of trespassing upon the grounds of a school facility. Such arrest will not render the law enforcement officer criminally or civilly liable for false arrest, false imprisonment, or unlawful detention.
